

Bob and Cala Williams

Missionaries to the Choctaws

Dear Prayer Warriors:

5-15-2018

These two cuties ran up to me Friday wanting me to give them a ride in my electric Walmart cart (my surgeon told me if I would be real careful, my fractured vertebra might heal without surgery). They and their mothers were buying the decorations for the Mother/Daughter brunch at Choctaw Baptist Church in Idabel Saturday. Also pictured below are the mothers and daughters that were present Sunday morning.

We have several prayer requests this month:
 At Idabel: Pray for the little girl on the left's mom (Theather) who will be having knee surgery soon. And continue to pray for Donna Dense (cancer).
 At Swink: Dorothy Cops (cancer) and Sandy Davis (heart issues). Also please continue to pray for Cala's health and for my vertebra fracture.

This month we celebrate 46 years as missionaries. When we started out in 1972, I knew that we needed both financial and prayer support in order to do the job God had called us to do. Thank you so much for your faithfulness both in prayers and financial support to our ministry.

When we pray remember:
 1. The love of God that wants the best for us.
 2. The wisdom of God that knows what is best for us.
 3. The power of God that can accomplish it.

Your Missionaries,

 Bob and Cala Williams
