

Bob and Cala Williams
 Missionaries to the Choctaws

Dear Prayer Warriors:

May 18, 2021

We briefly mentioned this young couple in our Choctaw update last month—Terish and Hadden Tisho (photo on the right). They got married several weeks ago. Terish grew up in the Idabel church. Her godly grandparents have faithfully brought her and her siblings to church over the years. Bro. Joseph, pastor of the Idabel church, had the privilege of leading Hadden to the Lord a couple of weeks ago. Please pray that they will build their house on the Rock. Every church needs more young families.

This month, marks 49 years since we were sent out as missionaries from Southwest Baptist Church in Oklahoma City, OK. We are looking forward to our 50th year next May, if the Lord carries His coming. Please to pray for our health, and also for the following needs:

1. We still need \$1000 to buy the material needed to complete the roof at Swink. We still have \$500 in the building fund, and believe it or not, a man who lives near the church promised to give \$1000!
2. We need to put a different AC system in the parsonage as Pastor Jason’s wife has a lot of allergies, and the window units are drawing in a lot of pollen and pollution. The unit itself costs around \$1200. Bro. Jason has a friend he thinks will install it for free. Any help on these projects will be greatly appreciated.

Folks, thank you so much for your prayers and faithfulness to our ministry.

Your Missionaries,

Bob and Cala Williams
